

McKenzie River Picnic Tables

Project made possible through the Secure Rural Schools and Communities Self-Determination Act.

Inmate crews constructed picnic tables (eleven tables with a value of about \$6600) at the McKenzie Ranger District. About half of the wood used in constructing the tables was from a hazard tree cut down at Delta Camp Ground.

The crews also pulled weeds and cleaned fire rings at Lookout Boat Ramp. They piled debris next to Blue River reservoir for later burning. They are part of an inmate rehab program funded through Title III of the same authority.

The picnic tables are built to last.

Eleven picnic tables will be installed at campgrounds on the Forest.

- **Total Project Cost:** 2300
- **Title II Funding:** 300
- **Other Funding:** 2000
- **Employed:** 11
- **Type of Project:** Construction
- **County:** Lane
- **Year Awarded:** 2003
